### **Synopsis of Presentation (provided by the speaker):**

Hume Cemboard Industries Sdn Bhd is an ISO 9001:2000 accredited manufacturer of building materials. It is a member of the Hong Leong Group Malaysia, one of the largest conglomerates in Asia which was founded in 1963. The Group owns more than 100 companies over Asia, Europe and the United States of America.

Hume Cemboard Bhd was incorporated in Malaysia as a private limited company in September 1980 in Malaysia under the Companies Act 1965. In 1996, it was converted to a public limited company and subsequently in 1998 listed on Main Board of Kuala Lumpur Stock Exchange with an issued and paid up share capital of RM 61 million. In year 2003, the company sold its assets and businesses to a subsidiary of Hume Industries Malaysia Berhad and subsequently known as Hume Cemboard Industries Sdn Bhd.

Hume Cemboard Industries Sdn Bhd's principal activities are manufacturing and marketing of building materials, mainly PRIMA – cellulose fibre reinforced cement boards.

With 3 factories located from the North to the South of Peninsular Malaysia which manufacture products in accordance to Malaysia and international building requirements, Hume Cemboard Industries Sdn Bhd is one of the major players in the domestic market. This also allow the company to penetrate and expand into major international markets namely Australia, New Zealand, Taiwan, Korea, USA, Middle East, South East Asia and other countries.

Hume Cemboard Industries Sdn Bhd pursues excellence in all of its manufacturing and management processes to provide its customers with products of superior quality, backed with excellent customer services. Hume Cemboard Industries Sdn Bhd is committed to expand its Research and Development activities for improvement and innovation of newer products for future market requirements. It strives to achieve its vision of being a leading manufacturer and distributor of building materials in the Asia Pacific Region.
